MAIL BID LIST #17

AUCTION Nr 17

SUBASTA No 17

CLOSING SEP 10 1988

Latin America is featured here with a strong collection of tokens from El Salvador. In the Mexico section are featured several of the rare Calmali mining tokens as well as a broad selection of pieces from many parts of that country. Orientalists will find two lots of bronze amulets or counters that are rarely found for sale. Transportation token collectors will find quite a few pieces not listed by Smith. Judaica collectors will find a Mikveh Israel piece available. Many tokens are listed in the books section which accompanies this auction. Please pay for books separately and in advance.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl (astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token. Catalog numbers are often used to aid description, e.g. (L#101.3) and refer to the most standard U.S. work on the topic at hand. Since listing each reference would be too cumbersome, please write if you need to know which. Dollar values written simply (\$5) mean a suggested bidding range. An MB enclosed with a dollar value in parentheses (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid". FP means that several pieces are available and sell for fixed prices only. Grading can be only approximate in a series as varied as tokens. I try to be conservative and in most cases have reduced items by one grade where there is any question in my mind. Comments on my listings and methods of operation are always welcome.

1. California Model Coins Brass Box: 23mm round by 3mm deep with a push fit lid. The top shows a three-masted ship, three rowboats, wharf scene and buildings and was plainly intended to resemble San Francisco as it must have existed during the Gold Rush. In the exergue of the top is the legend Emigration To California in three lines. The base, or bottom half, shows three miners, a river and mountains with the legend California above and 1849 below.

The piece was discussed but not depicted in Fuld and Rulau's American Game Counters, TAMS Journal, Dec. 1972 on page 8. They stated that it is "one of the most rare and expensive non-gold items of Americana, 1849" and they numbered it as "Box-1". The Seaby Coin & Medal Bulletin Jul-Aug 1985 published an article by a Mr J.R.P. King titled A Box of California Gold in which the piece was reviewed in more depth. According to him an identical box was sold at auction for \$200 by the Bowers and Ruddy firm in 1985. The condition of this delicate piece is Extra Fine with only very light handling marks. No

miniature coins were included. The consignor of this specimen has placed a \$100 Reserve or Minimum Bid on the lot. (A copy of the Seaby's three-page article is available postpaid for \$1.)
2. Swiss Model Coins Brass Box: Considerably larger than that of Lot 1. is this 35mm round piece, 12mm thick in the form of an 1883-96 Swiss gold 20 Francs piece. The top reads Miniaturgeld Aller Volker, the bottom L. Chr. Lauer Nurnberg. There is a miniature 10 Fr piece within. Condition of the piece is about Very Fine. There is some light wear and two small spots on the top. Est. value is \$35-50.

MAIL BID SALE RULES AND TERMS

1. The sale closes at 7 p.m. Pacific Time on the date noted above or until 15 minutes pass with no telephone bid. Lots are sold to the highest bidder. In the event of tie bids the lot goes to the earliest arriving bid. Bids of only a few cents difference will be considered tie bids.
2. Bids must be in U.S. Dollars. Bids under \$3 are respectfully declined.
3. Winning bids over \$50 will certainly be reduced to a 10% advance over the next highest bid, or its Minimum Bid. Below \$50 reductions will be made where possible and based on my judgement. In general the 10% guideline will be followed. The maximum reduction will be 50% in any case. Bids will not be reduced under \$10. In general acceptable bids will be those that are at least 60% of the estimated value.
4. Successful bidders will either be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance costs will be added to the invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A 5% Bidder's Fee will be added for the first time. California residents must pay 6% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. **Prices Realized:** please order them when you submit your bids. Do not send payment. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt **only if there is a major error** in the description or in the material sent. Please check the shipments for such and keep a copy of the bids you submit. Please pay within 5 days.
7. **Lots Made Up of Multiple Pieces:** In most cases these consist of items which are a) very common, b) badly worn or damaged, c) struck after 1950, d) of little collector interest or e) all of the above. Please bid accordingly. I try to describe them as much as I can afford the space, but because of their nature descriptions have to be limited.

BIDDING BY TELEPHONE? My number is (415) 648-8634. The best hours to reach me are 7-9 a.m. Pacific Time. However the least expensive and most certain means to bid is by mail even if only on a postcard. At times business may keep me away from the phone for days. I will accept bids over the phone and current bid levels are available from the computer. However if you request such information, you must bid at least 10% over the highest in order to have your new bid qualify. For items quoting under \$10, you must bid at least \$1 more to qualify. For those who like to call in bids at the last minute: I will try to have all bids posted, but often at the end of the day it is not possible when they come in thick and fast. 98% of all successful bidding is accomplished with high bids by mail.

POST OFFICE BOX 40888

SAN FRANCISCO, CALIFORNIA 94140

U.S.A.

Calmelli (sometimes spelled Calmelli) - like many gold mines it was hot, dry, dusty, windswept and god forsaken for the men who had to work there. The long abandoned site is about 10 Km northwest of El Arco on the state line between Baja California Norte and Sur in Mexico. I know of five denominations, all in brass: 1/4 R, 1/2 R, 2 R, 4 R and 1 Peso. There is no doubt a 1 R, however it has not been confirmed. The signature of the C.A. Klinkner & co s.f. is on all pieces which positively dates the tokens as late 1890's. What company the trademark or logo "diamond Y" represents is not known. If anyone knows I would like to hear from him. There were several New England companies involved in the Lower California mining operations in the 19th Century. I regard these tokens as excessively rare. See Lots 223-226.
